

Mobile Team Efficiency Audit

novoda

*Strategic support to **scale** your
mobile operations **efficiently***

1

Pre-Workshop Interviews

We'll get to know you and your team, your goals and what you'd hope to gain by working with us.

2

Workshop & Organisational Map

We'll facilitate a workshop with you and your team to map out your organisational structure, processes and lines of communication so we understand how to take you from where you are to where you need to be.

3

Team Discovery Survey & Interviews

We'll send a survey to your entire team to understand what their day to day looks like, their pain points and frustrations and their skills and motivations and speak directly with key stakeholders.

4

Pain point deep dives

Based on your team's survey feedback, we'll look at the pain points impacting your organisation most and identify how we can tackle them to improve productivity, efficiency, motivation and morale.

5

Solutions report

We'll produce a report on our recommended organisation strategy for you, outlining in detail where we recommend you focus your energy to make the most impactful improvements.

6

Agree next steps

We'll agree how best we can support your team with efficiency and scaling, and put together a plan for the next phase of work.
